

## Fundamentals of Palliative Care (FOPC)

FOPC is now a blended learning programme to give an overview of Palliative Care. There are five online modules and three face to face Workshops.

For more information and to enroll, visit the Knowledge Hub online at [knowledgehub.hospice.org.nz](https://knowledgehub.hospice.org.nz)

**NB** You must complete the online training **before** attending any workshops.

## HNZ Palliative Care for Caregivers

One day training ideal for new carers looking at caring for people with palliative needs. Course explores palliative care philosophy, pain and symptom management, communication, last days of life and bereavement.

## HNZ Syringe Driver Training

**Initial Syringe Driver** face to face theory & practical training for anyone new to using syringe drivers.

**Blended Learning** consists of 2 hours online training, followed by a 1.5 hour practical competency workshop. Sign up for the online learning at [paled.elearning.org.nz](https://paled.elearning.org.nz)

**NB** You must complete the Online training **before** attending the practical workshop for the Blended Learning

## Advance Care Planning (ACP) Level 1A

ACP is the process of thinking about, talking about and planning for future healthcare and end of life care. These workshops are for health professionals wanting to help advance the use of ACP with those they care for.

## HNZ Palliative Care Lecture Series

The Palliative Care lectures are held on the 1st Thursday of each month from 7.30 – 8.30am via webcast.

Please register for each lecture at [hospice.org.nz/education-training/palliative-care-lecture-series/](https://hospice.org.nz/education-training/palliative-care-lecture-series/)

## Resource Nurses Meeting

Networking and education opportunities for Te Whatu Ora and ARC palliative care resource nurses.

## Build Your Knowledge Masterclasses

These Masterclasses are for nurses who wish to deepen their assessment skills & palliative care symptom management knowledge. Learning will be through case based discussions and small group problem solving. Each class has a different focus:

1. Lung & Breast cancers, physical assessments
2. Blood cancers, Prostate cancer, Assisted Dying
3. Melanoma, ESRF, Breathlessness
4. MND, Gynae cancers

**NB** Some of these Masterclasses have been run previously, so please check your booking.

## How to Respond to Grieving People

This 2 day workshop is for any health professional who struggles with what to say to people around death & dying. It will explore communication skills, empower strategies and ways to respond when in challenging situations & asked difficult questions.

**NB** You need to be able to attend **BOTH** Day1 & Day 2 Workshops. Fee covers 2 days attendance.

### Elms House Training Room

Elms House, Cranford Hospice  
300 Knight Street, Hastings 4122

## Bookings Required for all Training
