

## Fundamentals of Palliative Care (FoPC)

FOPC is a blended learning programme to give an overview of Palliative Care. There are four online modules and two face to face Workshops.

For more information and to enroll, visit the Knowledge Hub online at [knowledgehub.hospice.org.nz](https://knowledgehub.hospice.org.nz)

**NB** You must complete the online training **before** attending any workshops.

## HNZ Palliative Care for Caregivers

One day training ideal for new carers looking at caring for people with palliative needs. Course explores palliative care philosophy, pain and symptom management, communication, last days of life, bereavement. & Syringe Driver awareness.

## HNZ Syringe Driver Training

**Initial-** consists of online training (theory and a medication test), followed by a face-to-face competency workshop. Online learning website address to be activated January 2025 .

**NB** You must complete the Online training **before** attending the practical workshop.

**Refresher-** is intended for nurses who are certified & need re-certification.

## Serious Illness Conversation Guide

- ♦ When you have difficult conversations with patients, do you sometimes wonder how to start?
- ♦ Are you confident you are discussing patients' prognosis in a way that allows them to really understand what you are telling them?
- ♦ Do you understand their fears and worries, and what is important to them?

This training helps clinicians feel more confident to have quality conversations with seriously ill people.

## Advance Care Planning (ACP) Level 1A

ACP is the process of thinking about, talking about and planning for future healthcare and end of life care. These workshops are for health professionals wanting to help advance the use of ACP with those they care for.

## How to Respond to Grieving People

This 2 day workshop is for any health professional who struggles with what to say to people around death & dying. It will explore communication skills, empower strategies and ways to respond when in challenging situations & asked difficult questions.

**NB** You need to be able to attend **BOTH** Day1 & Day 2 Workshops. Fee covers 2 days attendance.
